# Housing For All

[atldsa.org/h4a](http://atldsa.org/h4a)

## HOMES, NOT HANDCUFFS!

Housing is a human right! Yet, over 3,000 Atlantans are unhoused. Our City leaders criminalize homelessness through violent police sweeps, anti-loitering laws, and dozens of other barriers. The city must provide permanent housing for all!

## GREEN NEW HOUSING!

Instead of giving tax breaks to millionaire for-profit developers, Atlanta should invest in working-class communities! Use the city budget to build affordable housing collectively owned by tenants.

## CLOSE THE JAIL!

The City wastes \$32 million annually operating the nearly-empty Atlanta City Detention Center (ACDC). Mayor Bottoms and City Council must keep their promise to close the city jail, reallocate those funds towards housing, and build a Center for Wellness, Equity & Freedom!

The City wastes \$32 million annually operating the nearly-empty Atlanta City Detention Center (ACDC). Mayor Bottoms and City Council must keep their promise to close the city jail, reallocate those funds towards housing, and build a Center for Wellness, Equity & Freedom!

## DEFUND APD!

This year City Council raised the police budget by 7%, totaling \$276, or nearly 1/3 of the General Fund. Instead of funding policing and surveillance, these funds should be reallocated towards public services like Green New Housing and support for the houseless community! Defund APD and build public housing!

## STOP COP CITY!

City Council voted to demolish the South Atlanta forest and build a \$90 million, 85 acre, corporate-funded cop training facility. We must stop this expansion of policing and environmental devastation and demand that City Council reverse this ordinance! Learn more at StopCopCity.org

## What's Atlanta DSA?

We're the Atlanta chapter of the Democratic Socialists of America, the largest socialist organization in the United States. We believe working people should run both the economy and society democratically to meet human needs, not to make profits for a few.
